Enter your copy in a diagram below. The lines toward the top and bottom are obviously shorter than the lines toward the middle, so be sure to take that into consideration when you lay out your copy. We will adjust your copy - line spacing, type size and placement on the medallion - for the most pleasing effect, but please click S (small) or M (medium) or L (large) to indicate the relative sizes of the lines. It is not necessary to use all 5 lines.
